Editorial Calendar 2017

ISSUE	Cover Story	Tech-Focus	Embedded Systems & Design	Industry Focus	Government Aviation/Defence	Events & Conferences (Bonus Distribution)
January	Industry 4.0 & Robotics	The Internet Of Things Ecosystem: Unlocking The Business Value of connected devices / LTE / LTE-Advanced	Analog and Digital interfaces in High-speed designs	Automation	Railways	IEEMA-INTELECT 2017, Greater Noida / IOT Tech Expo 2017, London
February	Cloud And Analytics: Key to Finding Success with 5G And IoT	T&M : Power Measurements / Brain Computer Interface	Multicore Designs & Hardware Virtualization	Electrical & Power	Aerospace and Defence Electronics	IESA Vision Summit 2017, Bangalore / Convergence 2017, New delhi
March	Test Equipments for IIT Labs	Future-Proofing Big Data / Smart Robots	IC Design & EDA Tools	Consumer Electronics	High Rel Components	International Conference on Electronic Technologies: Silicon to Software (ICNETS2)" 2017, Chennai
April	Sensors & Machine Vision	Panel Displays and Projectors / Memory Technologies	Microwave & RF Circuits	Govt. & PSUs	Testing systems	EL Asia 2017, Mumbai
May	Power Management	Adoption of IoT: How is India Positioned In This Race? / T&M: Oscilloscopes, Analyzers, Meters	Design Apps	Alternative Energy	Electronics Warefare	LED Expo 2017, Mumbai
June	Interconnects & Switches	Optoelectronics & Photonic Circuits / T&M: RF & Microwawe	Industrial Automation & Control	Automotive	UAV/Drones	SPS Automation 2017
July	Image Sensors & Vision Computing	T&M: Wireless Device Test Sets & Wireless Solutions / 4D printing	General embedded optimization techniques	Medical Electronics	Wireless	SPS Automation 2017
August	Encryption & Data Security	Prototyping & Development Boards / 3D Printing, Rapid Prototyping, Additive Mfg	Embedded software architecture and design optimizations	Telecommunication	RF and Microwave	IPCA Expo 2017, New Delhi
September	Power Supplies & Batteries	Sensors & Signal Conditioning/MEMS / Microcontrollers & Microprocessors	Optimization techniques for multicore processors	Aviation & Defence Electronics	Cyber Security	Elektrotech 2017, Coimbatore Electronica India & Productronica India 2017, NI DAYS 2017*, ESC 2017*
October	Artificial Inteligence	IoT & The Smart Home / T&M: Wireless Device Test Sets & Wireless Solutions	Essentials of an ideal embedded computing system in an IoT device	EMS	Embedded Computing	Embedded System Conference, 2017*
November	MEMS technologies & Environmental Sensors	Biometrics & Authentication / T&M: Mobile Network Testing	Multicore Software Development Technologies	VRLA, SMF & Li-ion Batteries	Robotics	COMSOL Conference 2017*
December	LED Lighting Technologies	Wireless Communications / Industry 4.0 & IoT	Real-Time Operating Systems for Embedded Applications	LED Based Lighting	IoT and Aerospace	LED Expo 2017 Delhi

Conferences and trade fairs will be added gradually
